Weekly Update #13

Lesson plan [E29L2](#) continues to focus on the many facets of competition and begins reviewing the JMG Competitive Events Manual. The [JMG Competitive Events Manual](#) is located on the JMG website under Conferences-IGNITE Montana Documents. This lesson plan takes approximately 3-5 days depending on the length of the review of the JMG Competitive Events Manual. Obviously, the focus would be on the upcoming IGNITE Montana Conference on and off site events. This is a good way to introduce students to each of the events as a way to spark their interest in either group and/or individual competition.
